The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of commuuicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph*.

Shares of this company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to

DEMOCRATIC PLATFORM.

1. That the federal government is limited in power to the grants contained in the Federal Constitution; that the exercise of doubtful constitutional powers is dangerous to the stability of the government and the safety of the people, and the democratic party will never consent that the State of Pennsylvania shall surrender her great right of local self-government.

2. That the attempted ratification of the proposed fifteenth amendment to the Federal Constitution by the radical members of the last legislature, and their refusal to submit the same to a vote of the people, was a deliberate breach of their official duty and an outrage upon every citizen of the State, and the resolution making such ratification should be promptly repealed and the amendment submitted to the people at the polls for acceptance or rejection.

3. That the Democratic party of Pennsylvania is opposed to conferring upon the negro the right to vote, and we do emphatically deny that there is any right or power in Congress or elsewhere to impose negro suffrage upon the people of this State in opposition to their will.

4. That reform in the administration of the federal and State governments, and in the management of their financial affairs is imperatively demanded.

5. That the movements now being made for the amelioration of the condition of the laboring man has our most cordial co-operation.

6. That the legislation of the late republican Congress "outside of the Constitution," the disregard of the majority therein of the will of the people and sanctity of the ballot box, in the exclusion from their seats in Congress of representatives clearly elected, the establishment of military governments in States in the Union and the overthrow of all civil governments therein, are acts of tyranny and usurpation that tend directly to the destruction of all republican government and the creation of the worst forms of despotism.

7. That our soldiers and sailors, who carried the flag of our country to victory must be gratefully remembered, and all the guaranties given in their favor must be faithfully carried into execution.

8. Equal rights and protection for naturalized and native-born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example an encouragement to people struggling for national integrity, constitutional liberty and individual rights.

9. That the present internal revenue and taxing system of the general government is grossly unjust, and means ought at once to be adopted to cause a modification thereof.

The report was accepted and unanimously adopted.

HON. ASA PACKER.

The following extended sketch of the Democratic candidate for Governor, will no doubt be read with interest at this time:

Asa Packer, the standard-bearer of the Democracy of Pennsylvania, in the present State canvass, was born in the township of Groton, New London county, Connecticut, in the beginning of the year 1869. His grandfather, Elisha Packer, was the most prominent and successful business man of his native town. He was a farmer, tanner and shoe manufacturer, diligent in his business, a staunch member of the Baptist denomination, and worshiped in the church erected on the site of the Pequot Fort, still in existence, and known as the Fort Hill Church. His father, Elisha Packer, Jr., was a man of strong sense, industrious, economical, and of independent character, but never very successful in business. As soon as the son was of the age to do something for himself he was employed in the tannery of Mr. Elias Smith, of North Stonington. Despite his youth, he came to be regarded by the tanner as a confidential friend and adviser, and, if death had not interposed and broken the connection, Asa Packer would probably have become a partner in the establishment, and ended his life as a tanner. After Mr. Smith's death, Mr. Packer engaged himself to an old farmer by the name of John Brown, a hard-handed and hard-headed old Democrat, of the school of Thomas Jefferson. From him Asa Packer imbibed his Democracy.

When he had reached the age of seventeen years he pulled up stakes and struck out for Pennsylvania, then a wild, sparsely settled country. He entered Susquehanna County on foot in the year 1822 with a knapsack which contained his whole wardrobe and a few dollars in his purse. Arrived at the town of Brooklyn, he apprenticed himself to a carpenter and joiner. After serving his time as an apprentice, and becoming the master of his business, he contined to work at it assiduously for several years, when he invested his savings in a lot of wild land on the upper waters of the Susquehanna, and entered upon the hard but free and adventurous life of the pioneer. He made a clearing, and reared with his own hands the cabin to which he soon afet rbrought a wife, a daughter of Zopher Blakslee, Esq., one of the pioneers of Northern Pennsylvania. Here lived Asa Packer eleven years, when circumstances led him to change his residence to Lehigh Valley. In that locality Josiah White and Erskine Hazard, representatives of associated capital of Philadelphia, had projected and executed improvements which made the wonderful riches of this section—its coal, iron, timber, lime, cement, and slate—partially available. Hither came Asa Packer, a poor artisan, to labor with his hands, to mix with a crowd of men similarly employed and undistinguished. What has raised Asa Packer so for above the throng of which he then was but a unit? Observing the character of the country, the almost immeasurable extent of the coal deposits, and the diversity of the rich productions of the Lehigh Valley, he foresaw the establishment of these extensive colleries of lines of transportation, and all the immense traffic which time developed. Here was a field for the highest intelligence and the most untiring energy. Accordingly, in the spring of 1833, when he was twenty-seven years of age, Asa Packer left his farm in Susquehanna County and permanently settled himself in the Lehigh Valley,

His advent into a region in which he was destined to accomplish so much made no stir. He brought to the new field but a few hundred dollars. His capital lay in his active mind, stout heart, and strong arms, and in industrious and thrifty habits. His first and second summers were employed in boating coal from Mauch Chunk to Philadelphia, in which he acted as master af his own boat. The energy which he displayed in this occupation brought him to the notice of the Lehigh Coal and Navigation Company, and he formed a connection with the company, which was maintained for many years, greatly to his advantage. He induced his brother, Robert Packer to join him, and assisted by some capital from his uncle, Daniel Packer, they engaged in general merchandise in Mauch Chunk, under the firm name of A. & R. W. Packer, with a capital of $5,000. The most of this money had been saved by Asa Packer from the hard earnings of former years.—The new house entered, from the moment of opening, upon an extended and profitable business. It soon became known by its large tranactions both on the Lehigh and Schuylkill rivers. Its operations on the Lehigh during the fifteen years between 1835 and 1850 embraced a large mercantile business at Mauch Chunk: contracts with the Lehigh Coal and Navigation Company, which involved the building of dams and locks on the upper navigation; working coal mines leased from the company, and afterward Mr. Packer's own mines near Hazleton, and shipping coal to Philadelphia and New York. A similar shipping business was also done by them on the Schuylkill. They were the first through transporters of coal to the New York market, and it is a fitting return that the business should still continue to be the largest item in the income of Asa Packer, its projector.—Through his coal mining operations he was brought into close relations with the late Commodore Stockton, and between them there sprung up a warm friendship—a friendship which proved of great value to Mr. Packer at a trying moment when pushing forward to completion the great enterprise of his life, the Lehigh Valley Railroad.

Up to the year 1860 the transportation of the coal of the Lehigh valley to market had been altogether by water, but the business had now reached such a magnitude, as in Mr. Packer's judgment to justify the building of a railroad along the banks of the Lehigh River. Accordingly, he urged upon the Lehigh Coal and Navigation Company the policy of building a railroad as a part of their system of transportation. But the project was not favorably received by the Company. Experience, it was answered, had proved that coal and iron would only pay water freight. The Reading Railroad, which enjoys unusual facilities in grades and water connections, was instanced to clinch the argument. Asa Packer's opinion, however was not affected by this adverse criticism of his proposition, and he determined to take the matter personally in hand. The ground for a railroad in the Lehigh Valley was embraced in a charter for a road of much greater extent, protected by that great Pennsylvania financier, Edward R. Biddle. It was embraced in the charter of the Delaware, Lehigh, Schuylkilland Susqueh annah Railroad Company, incorporated April 21, 1846. The first survey was made in the fall of 1850. Not until the 4th of April, 1851, seventeen days before the charter would have expired by its own limitation, did Asa Packer take his place in the board of managers. On the same day the board sanctioned the grading of a mile of railroad near Allentown, and thereby the limitation was avoided. On the 30th of October, 1851, Mr. Packer became owner of a controlling portion of the stock, and subsequently submitted a proposition to build the road from Mauch Chunk to Easton, a distance ot forty-six miles, for a consideration to be paid in the stock and bonds of the company, the name of which was now changed to the Lehigh Valley Railroad Company, to suit its extent and true field of work. Mr. Packer's proposition was accepted, and he commenced work in November, 1851. Under his personal supervision it was pushed with great vigor. As he received only stocks and bonds in payment, he hazarded his whole fortune in the enterprise. In its early completion and profitable working he saw every dollar of his investment quadrupled, and every acre of land in Lehigh Valley enchanced in value. But it was a heavy load, and many times did it embarrass Mr. Packer to carry it; but his high character and his reputation as a business man enabled him to command resources which other. Commodore Stockton, the New would have been at the service of no Jersey Central Railroad Company, and other rich corporations to whose business the Lehigh road would contribute, also came to Mr. Packer's assistance, and made large advances on its stock and bonds.

The Lehigh Valley railroad was finished and delivered to the company on the 24th of September, 1855, and was put immediately in operation. Its coal freights, which in 1857 amounted to 500,000 tons, in the year 1866 exceeded 2,000,000 tons 635,000 of which were delivered alone its route from Mauch Chunk to Easton to works which the railroad itself had called into existence. The addition which it brought to Asa Packer's fortune can only be stated by millions. Within three years after the opening of the railroad from Mauch Chunk to Easton, with connections which made a railroad route from the valley to Philadelphia as well as New York, Mr. Packer suggested the extension of a line of railroad into the valley of the Susquehanna, and up that valley to the great table-lands of the State of New York, there to connect with the New York and Erie Railroad. This would bring the Anthracite coal region within the system of roads leading north and west to Lake Ontario and Lake Erie, and also afford a direct route by connection with the Catawissa and Erie roads to the Great West. Asa Packer has lived to see the whole of this stupendous conception realized. It is not possible to calculate the benefit which it is destined to confer upon the whole country. It will set the wheels of machinery in motion thousands of miles in the interior as well as at the tide water, and bring about in a great section of country that diversity of employments essential to the highest development of the people.

On his return from a trip to Europe in 1865, Mr. Packer announced it his intention to found in Lehigh Valleyan educational institution which shouldsupply to its young men the means of obtaining that knowledge of which he had in early life felt such a profound need. The branches of education to which it was Mr. Packer's design that the institution should be especially devoted were civil, mechanical, and mining engineering; general and analytical chemistry; mineralogy and metallurgy; analysis of soils and agriculture; architecture and construction; all branches of knowledge of exceptional value in the Lehigh Valley. In carrying into effect his purpose, Mr. Packer gave a woodland park sixty acres in extent, situated on the borders of South Bethlehem, and $500,000 in money. This institution known as the Lehigh University, was formally opened Sebtember 1, 1866, and its success has realized the intelligent and beneficent purpose of its founder. By its character it is made a self-sustaining institution; intended to reach both rich and poor with its advantages; its free scholarships being offered as prizes to be competed for by all the students. No sectarian bigotry limits its beneficent influence to a single religious denomination, but those of every creed find a welcome to its halls. On the 23d day of November, 1865, at a dinner given to Mr. Packer at Bethlehem, a as public acknowledgment of his princely gift, at which many prominent men of the State were present, John W. For ney paid the following tribute to the guest of the day. "Here is a character and coreer for youth and manhood to study. Here is a lesson to the one to move on in the path of improvement, and a stimulent to the other never to despair in the darkest hour of disaster and misfortune. We pick out Asa Packer as the miner picks out a piece of coa to show the value of the precious deposit from which it is taken; we pick him out to show what can be won by personal honesty, industry, and kindness to men, by courage in the midst of bad luck; by confidence in the midst of gloomy prophecy; by modesty in prosperity; and by princely generosity when fortune comes with both hands full to realize a just ambition."

Among his immediate friends and associates, Mr. W. H. Gatzmer, the President of the Camden and Amboy Railroad, bore high testimony to the energy and ability with which Mr. Packer had carried out his great mining and railroad enterprises, and acknowledged that although Pennsylvania is only his adopted State, few of her sons have done more to develop her mineral resources. Mr. Packer enjoys to the fullest extent the confidence of the community in which he lives. This it has shown by electing him to public office whenever he could be induced to accept it. He served his neighbors several years in the General Assembly of the State, his services there ended with the year 1843. He was then elected Judge of the County Court, which position he held five years, and hence he is familiarly known as Judge Packer. More recently he has represented his district for two successive terms in the Congress of the United States, and his friends insisted on presenting his name to the late National Convention of the Democratic party, as a candidate for the first office in the gift of the American people.

Mr. Packer's whole career exemplifies the truth that in the United States there is no distinction to which any young man may not aspire, and with energy, diligence, intelligence and virtue, attain. When he set out from Mystic, Conneticut, to make the journey to Pennsylvania on foot, it is not probable that his entire worldly possessions amounted to $20. These possessions now are estimated at twenty millions, all of which has been accumulated, so far as known, without wronging a single individual. On the contrary, the wealth which he has gathered is but one tithe of that which he has been the means of creating in the Lehigh Valley.

HORRORS OF LEPROSY.

A correspondent writing from the Sandwich Islands gives the following description of a visit to a leper hospital at Halaia: "We enter the room. Mats spread on all sides are covered by about a dozen or fifteen recumbent figures, among the worst of the bad cases. A fetid order, faint but perceptible, pervades the apartment. We hear hard, hoarse breathing, harsh whispers and deep sighs from those who can never again speak with their old voices. The decay of the vocal organs is almost the last stage of the plague, and seems the most terrible of all. The patient is unusually by this time one mass of corruption. What faces are turned to us as we grope among the half conscious sufferers—faces that look as though they had been hacked twenty times across with the broad-ax, and each gash healing had left a horrible seam. Ears swollen to twice their natural size, raw looking and bloody, while the enormous lobes, hanging nearly to the shoulder, ooze with a sickening pus. There are those with nostrils slowly withering away, some with no nasal at all, only an ulcerous cavity remains, too abominable to be thought of for a moment. Fingers grow sharp at the ends, sloughing the skin, shedding the joints one by one. They are but half alive, these lepers, and carry their own infectious corpse about with them. One old man, sitting in a gate, a narrow strip of cloth about the lions, is covered from head to foot with large, hard swellings.—There is not vacancy enough between his thousand and one fleshy hillocks to lay the tip of your finger. Yet he is unconscious of any pain whatever. He turns a ghastly grin—supposed to be a smile upon us, and exhibits a new mound just making its appearance on one side of him, which is likely to crowd out a few older ones. The poor wretch looks more like a horned toad, polished down a little, than a man and brother.

SAVING FOR OLD AGE.

No one denies that it is wise to make provision for old age, but we are not all agreed as to the kind of provision it is best to lay in. Certainly we shall want a little money, for a destitute old man is indeed a sorry sight. Yes, save money by all means. But an old man needs just that particular kind of strength which young men are most apt to waste. Many foolish young fellows will throwa way ona holiday a nervous energy which he will never feel the want until he is seventy; and then how much will he want it! It is curious, but true, that a bottle of champagne at twenty will intensify the rheumatism at threescore. It is a fact that overtasking the eyes at fourteen may necessitate the aid of spectacles at forty, instead of eighty. We advise our young readers to be saving of health for their old age, for the maxim holds good in regard to health as to money. 'Waste not, want not.' It is the greatest mistake to suppose that violation of the laws of health can escape its penalty. Nature forgives no sin, no error. She lets off the offender fifty years sometimes, but she catches him at last and inflicts the punishment just when, just where, and just how he feels it most. Save up for old age, but save knowledge, save the recollection of good and noble deeds and innocent pleasures; pure thoughts, save friends, save love. Save rich stores of that kind of wealth which time cannot diminish, nor death take away.

The Milwaukee *Wisconsin* relates the following additional illustration of the sagacity of the elephant:

The elephant Romeo, who had won quite a reputation for cutting up, started a sensation yesterday, which for some time bid fair to be quite lively. It seems that when the train was coming into the city on Friday morning, some thoughtless boy threw a stone at the baby elephant, hurting it.

Romeo was full of wrath and started for the crowd of boys with the evident determination of stirring them up. The keeper saw what was up and fornateately succeeded in quieting the monster.

Yesterday morning the boy who threw the stone was on the circus grounds, and Romeo by some means discovered him. The huge fellow was full of wrath, and stared about wildly. He upset stands, threw his trunk about him and bellowed very much like a young tornado.

It was evident that he meant mischief, and as soon as he was in earnest, would manage to get loose, and then the dickens would be to pay. A rider was sent down town to hunt up Romeo's keeper, and that worthy just arrived as the monster was in a fair way to get loose. The keeper managed by blows and threats to quiet affairs. Meanwhile the boy who had made the trouble was getting towards town as fast as his young legs could carry him.

A very fat man being measured for a pair of pantaloons, gave directions that they should be large and full as he liked them loose. When he came to try them on they stuck tight to his legs, whereat he remonstrated: "I told you to make those pants full." After some objugary expressions of a profane nature, the tailor ended the controversy by declaring, "I dink dos pants if full enough, if dey was any fuller they would split."

"When I was quite a boy," says Smith, "my father ordered a coat for me from an Israelite, and when the garment came home it was very much too large. The perplexed Jew, after vainly trying to gather up the fullness in the back with his hand, so that the front might set tight, declared at length that the 'coat was goot; it was no fault of te coat; te coat fit 'goot enough, but te poy was too slim!'"

The Lebanon (Kentucky) Clarion says; "A most daring and determined attempt to commit a rape was made in Adair county, about four miles from Columbia, last Monday night. Two young ladies, daughters of a respectable farmer, were sleeping in the upper room of their father's dwelling, which is a log house. A black scoundrel made his way into their chamber by climing up at the side of the chimney to the window. The young ladies were awakened by the touch of his hands, placed upon the head of one and the feet of the other, and screamed out in extreme terror for assistance. Their father rushed up stairs promptly with a pistol and fired several shots at the retreating form of the villain, who by this time was out of the house.—None of the shots took effect." A negro named Hendrickson has been arrested and charged with the crime, and is now in jail at Lebanon, in default of bail. Intense excitement prevails in the community and threats of summary justice have been maee.

The most singular case is said to have occurred in the Third district a few days ago. A little girl, about three years old, named Emily Walhaner, residing with her parents at the corner of Spaia and Greatmen streets, had been camplaining for some time of pain and nausea in the stomach, while at the same time her appetite became extraordinary. The parents, supposing that the child was troubled with worms, gave the usual medicine.—These operating severely made the little girl very sick at the stomach, and after, she threw up a live mouse of medium size. The mouse was taken to the drug store of Mr. Weilbacher, near by, and was visited by a large number of persons, the mouse being still alive.—*New Orleans Bulletin.*

The remarkable intelligence of the colored officials in the South must be gratifying to their Northern Radical patrons. Ben Marks, an ebony gentleman of Mongomery, Ala., had to go to jail, and Joe Williams, another colored brother, was made an officer for the time being by a justice of the peace and deputized to take him there. On the way to jail, the prisoner got the officer drunk, and taking the commitment out of his pocket, presented it to the jailer and had the officer locked up. When Constable Joe awoke from his drunken slumber he found himself a prisoner, and Ben was far away. He stoutly denied taking anything to drink, and said: "Something's wrong, somehow or other, kase I know de squire meant to write me down officer, an' Ben for jail."

A FRANK CONFESSION.—Frank was in the habit of falling out of bed during the night, and his father to break him of the habit, would remind him of it the next morning.

Yesterday, as usual, his father said to him, "Here, Frank, you fell out of bed again."

"Oh, no, father," said F., "I didn't; it was the pillow; for I went up to see, and the pillow was on the floor beside the bed."

"What made you cry then?" said his father.

"Well, you see," said Frank in the most sober manner, "it was dark, and I could not tell whether it was me or the pillow."

A lot of minstrels of a Western city started out on a "tower" recently.—They went to a town not for away and advertised to give a performance for "the benefit ot the poor, tickets reduced to 25 cents." The hall was crammed full. The next morning a committee for the poor called upon the treasurer of the concern for the amount said benefit had netted. The treasurer expressed astonishment at the demand. "I thought," said the chairman of the committee, "you advertised this concert for the benefit of the poor!" Replied the treasurer, "Didn't we put the tickets down to 25 cents, so that the poor could all come?" The committee vanished.

A guest at a Cleveland hotel was discovered by the ptopriether the other evening, rather tenderly embracing one of the chambermaids. The landlord rebuked him somewhat angrily, and wanted to know the reason of such conduct. "Simply observing the rules of the house," said the guest, pointing to card tacked to the room door. "Don't it read, 'Any neglect of servants should be reported at the office?' I don't want to be reported at the office for neglect of servants, do I?"

A GERMAN, named Carl Schell married a girl just from the Faderland, at Omaha, some three weeks ago, in a most peculiar manner. He purchased a pair of ear-bobs, put them in her ears, and informed the young lady that "this little ceremony constitutes a marriage in America." After a week had passed he took them out, and informed her of another piece of news, viz., "This little ceremony constitutes a divorce in America." He is now in jail for stealing a trunk.

A young gentleman, not distinguished either for good looks, riches or wit, having met a severe rebuff from one of our prettiest and most distinguished actresses, and wishing to punish her for her disdain, consulted a friend as to the best means for his purpose. "Do you wish to be very severe upon her?" "Very." "Then go and see her."

While ten men watch for chances, one man makes chances; while ten men wait for something to turn up, one turns up; so while ten fail, one succeeds and is called a man of luck, the favorite of fortune. There is no luck like pluck, and fortune most favors those who are most indifferent to fortune.

FOR THE CAMPAIGN!

RALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall *understand* the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

One copy	$0.50
Three copies	1.20
Five copies	1.75
Ten copies	3.00
Twenty copies	5.00

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every post-office in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address MEYERS & MENGEL, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, *and especially do we hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress, known as the Fifteenth Amendment.—Radical Platform adopted at Philadelphia, June 24, 1869.—See Bedford Inquirer of July 2.*

THAT "ONE MAN."

Last winter certain radical journals teemed with denunciations of the corrupt doings of the legislature, and affected to pray for but *one man* who might have sufficient nerve to stand up against the foul schemes to plunder the people. There is *one man* who might have put his foot on the necks of the treasury-thieves, but he had neither the wish nor the pluck to do it. That man is John W. Geary. He had the power to veto the payment of the *Extra Pasters and Folders*, but he did not do it. He could have refused to sign the *Oil Pipe and Tank Bill*, which gives a monopoly to a few men in piping petroleum and thus enhances its price to consumers, but he gave his assent to it. He could have squelched the infamous act destroying the Lycoming Judicial District, which was openly bought through the legislature, but he sat up till midnight that he might sign it before the people of Lycoming county could be advised of its passage. These are only instances of a hundred cases in which an honest and fearless Governor would have interposed his veto to save the treasury from the legislative robbers that annually infest the State capital. But Geary was hand-in-glove with those miscreants, a conspirator with them in many of the infamous measures which they pushed through the legislature, and always counted on by them to seal their work with the executive approval. He was a constituent part of the "ring." Without him that circle of thieves would not have been complete. It would have lacked an important segment. One of the questions now before the people is, Shall the Legislative Ring be broken? If the masses would give an affirmative answer, let them defeat John W. Geary and they will accomplish their object.

ASA PACKER gave nearly a million dollars, in money and real estate, to found the Lehigh University, for the education of the youth of Pennsylvania.

JOHN W. GEARY entered into a bargain with certain relatives of Stephen Girard to bring suits against the city of Philadelphia, for the recovery of the fund which now maintains some five hundred orphans in Girard College. This is a fair index to the general difference in character between the two men. Choose ye between them.

HON. W. A. GALBRAITH, of Erie, has been appointed Chairman of the Democratic State Committee. He is a man of intellect and culture and will make a vigorous campaign.

THE radicals can say nothing against Asa Packer, except that he is a man of wealth. Well, he was once a poor tanner boy, afterwards shoved the plane at the carpenter's bench, then became a canal boatman and made his fortune by honest industry. He did not amass his wealth by robbing the public treasury like the radical men of shoddy, but earned his money by his own labor. The radicals who sneer at him on account of his riches, cannot bear to see a laboring man rise to fortune and success. They hate the toiling masses and legislate for the benefit of a select aristocracy. Packer is a representative man among the workingmen of America. He is of them and with them, knows their needs and sympathizes with their wants. Such a man is to be admired and loved, not derided and scorned, for his successful battle with the world.

A RADICAL PAPER says it is well known where Geary was during the war. It is equally well known where he has been since: in the Executive Chamber, at Harrisburg, sealing with his signature the schemes of the treasury thieves.

Serenade to Our Candidates in Philadelphia.

Speeches from Judge Packer and Hon. C. L. Pershing.

PHILADELPHIA, July 21.—Last evening at 10 o'clock, Hon. Asa Packer, and Cyrus L. Pershing, Democratic candidates, were serenaded at the Merchant's Hotel, by the Asa Packer Association. After the band had performed a number of airs, Furman Sheppard, Esq., came forward on the balcony and said:

Fellow Citizens—The Asa Packer Association has called this evening for the purpose of paying their respects to our candidate for the Executive Chair of the Commonwealth, and of the Supreme Bench of the State. In doing this the association has expressed not the feelings of the heads of its members, but also the feelings of the Democratic party of this city. Nay, more; it expresses the feelings of the Democratic party of the State. [Cheers]—More than that, you have not only expressed the feelings of the party as a political organization, but you express the sentiments of all good citizens who recognize in this event the inauguration of a new era in politics, when men of blameless lives and unsullied reputations will be placed in public positions.

We have reason to congratulate ourselves upon the action of the Convention. It has placed in nomination as candidates gentlemen for whom it is a privilege to vote. [Cheers.] It is not often we get a chance to vote for such men as Asa Packer, and it is a privilege which I firmly believe the people will avail themselves of independent of political predilections. Asa Packer is a gentlemen who has indentified himself with the great interests of a great State; he has identified himself with those interests from his youth, and through manhood to the present day.

Have you observed what the journals of our opponents said? Their mouths have been almost sealed, or when opened, they have uttered words of foolishness. The life of Asa Packer is blameless, and his escutcheon so impenetrable, that the arrows aimed at him fall harmless at the feet of the shooters. He has identified himself with the educational interests of the State, and he has become so intimately associated with this interest, that his name must descend to posterity as blessed.

As our candidate for Judge of the Supreme Court, we present a gentleman of whom it may be said that he passed through that most trying of ordeals, the Legislature, without carrying with him even the smell of smoke. [Cheers.] Pure, incorruptible, clean-handed, we present him before the people, and with these two candidates we have the elements of success. But this is not the place for speech-making, but for congratulation, and I therefore have the pleasure of announcing Governor Packer, believing that prophecy in this case shall soon become history. [Cheers.]

Mr. Packer now made his appearance, and was greeted with enthusiastic cheering from the large crowd assembled in front of the hotel. Mr. Packer said; Gentlemen of the Asa Packer Club and fellow-citizens and Democrats: I thank you for this expression of your kindness, and for the honor you have done me in conveying to me in this manner your congratulations. I thank you for having designated me as your standard bearer in the coming campaign. I can hardly give expression to my feelings in acknowledgment of the compliment paid me by the Asa Packer Club and the Democratic party, both here and in Harrisburg. It is deserving of my highest gratitude. I hope to be worthy of all the honor you bestow upon me. The efficiency of this club in the work begun and carried on thus far is deserving of great praise, and I trust you will continue the good work to the end of the campaign. I know you will, from the earnest manner in which you have entered upon it. I will endeavor upon my part to lead you, as you have placed me in the van to victory. If we fail it shall not be because of any neglect on my part.

You will excuse me from making a speech as it is no part of my vocation. There are those whose calling it is to talk, mine has been to work. [Cheers.] I leave the talking to others, and will myself endeavor to do my share of the work. Thanking you for the kindness and friendship manifested in this greeting, I bid you good night.

There were calls for Judge Pershing, and in response, that gentleman came forward and said he did not propose to make a speech, but desired merely to thank them for this demonstretion.—He had unexpectedly been placed in nomination for a position on the Supreme Bench of the State. To receive such a nomination was no ordinary honor, for the bench had been graced by a Coulter, a Tilghman, a Gibson, dead, and a Lowrie, Black, Lewis and Woodward, living. The judiciary had been represented as the weakest of the several departments of government, but the events of the past few years must have convinced any one that it was the most important branch of the government. The people could not expect him to address them upon political topics. It had not been the custom in Pennsylvania for candidates to do so and while he knew there was a disposition to drag politics on the bench, he did not propose to follow in this direction, and to be the first to introduce the new system into the campaign.—[Cheers.] It becomes those who are to be called to pass upon the lives, and liberty, and property of the citizens to bring to the discharge of that duty a mind devoid of political bias and prejudice. [Cheers.]

In response to calls, Mr. Chas. Buckalew next addressed the people and said: Gentlemen of the Asa Packer Club, and fellow citizens of the city of Philadelphia, the principal personages upon this scene must be the Candidates who have been presented before me and the citizens of the State for their support at the next election. But I understand that I am called upon, as a member of the Convention by which these gentlemen were put in nomination. I have but a few words in response to your invitation. You have cause to rejoice in the action of the State Convention, whose proceedings you have meet in some measure to ratify, for that convention has given you, gentlemen of the East, a representative, and gentlemen of the West, a representative whose character will bear the strictest scrutiny, here and elewhere, now and hereafter.

That Convention also gave a platform of principles which will endure examination and discusion, and both candidates and platform stand above and beyond any assault by our opponents. [Cheers.] We begin now a contest which is to result in the regeneration of our public affairs. There is a wide-spread and just expression that matters are not satisfactory, either at Harrisburg or Washington; and this dissatisfaction is not confined to our organization, for it is known that it extends through the masses of the community. Wisely, therefore, has the State Convention embraced the opportunity of presenting candidates upon whom men of all parties can unite; men who can command support beyond the bonds of political organization; men who have been true to their country through peace and through war. [Cheers.] Men whose fidelity to our institutions is recognized everywhere. They are men who will betray no confidence reposed in them by conservatives and opponents.

After the band had performed several airs the large crow slowly dispersed, giving cheers for Packer and Pershing.

PACKER, THE SOLDIER'S FRIEND.

In those days of terror in 1863, when Gen. Lee invaded Pennsylvania, a meeting was held in Mauch Chunk for the purpose of raising troops for the defence of the State. There were hundreds of patriotic men in the mining regions who were ready to march against the foe, but their families were dependent for sustenance upon the wages of their daily toil, and unless these were provided for, they could not go. The meeting seemed certain to prove abortive, when a venerable man with benevolence written all over his face, arose and said: "I will provide the "necessaries of life for the family of "every man who enlists to-day, and "the wages of those of my employees "who will enlist shall be paid during "the time they serve in the army, the "same as if they worked for me."—The gray-haired patriot who spoke was ASA PACKER, and the response to his speech was the immediate volunteering of a large number of men present at the meeting. And Asa Packer kept his faith with the men whom this speech sent into the field as soldiers. Their families were provided for and the wages of his own employees who enlisted were paid the same as if they had continued in his employ.

Few such friends of the soldier as Asa Packer are to be found anywhere. Only a noble nature, a liberal mind, can appreciate that heroism which neves a man to leave behind him wife and children and all the endearments of home to risk his life and his all in defence of his country. Judge Packer's action in the instance just referred to, proves that he is a man who measures at its true value the patriotic valor which saved Pennsylvania from the invading host and turned the tide of battle against the armies of the Southern Confederacy. Justly, therefore, and without any affectation of phrase, may he be termed "*The Friend of the Soldier.—Patriot.*

The Virginia Election.

According to the latest returns it appears that the vote at the recent election in Virginia was as follows: Walker, 119,492; Wells, 101,201, giving Walker a majority of 18,201. The registration was white, 144,545, colored, 118,768, so that Walker's vote was 25,053, or 18 per cent, less than the white registration, and the vote for Wells was 17,477, or 16 per cent, less than the colored registration. The votes on the clauses of the constitution were as follows: The Disfranchising clause—against, 124,361; for 84,404—majority against, 39,957. The Test Oath clause—against, 124, 106; for, 83,114—majority against, 40,992. From this it will be seen that 18,000 persons who voted for Wells, did not vote for the objectionable clauses, and of these about 5,000 voted against them.

BRIEF NEWS ITEMS.

The shore and deep sea ends of the French telegraph cable have been united, and the task of wedding the United States and France is completed. The terminus of the line from St. Pierre is fixed at Rouse's Hammock, near the Gurnet Light, at the entrance of Plymouth harbor. Duxbury is ablaze with excitement, and telegraph men are constructing two land routes of wire, one from Duxbury to Boston, and a second by the Frence cable company, along the Old Colony and South Shore Railroad. The citizens and corporation of Boston have decided to enjoy a grand cable celebration after the fashion of the display made by New York over the Atlantic cable at Newfoundland, and preparations are making for the event. In a few days the line will be in perfect working order, and its facilities offered to the public.

New York, July 25, 1869.- The arrival here, yesterday, of Pullman's palace car, though from Sacramento, in six days and a half, was an event of even motropolitan interest. The depot where the car was to arrive was crowded by an eager set of spectators, several hours before the train was due, and when, finally, the car came on among the remainder of the Hudson River cars, placarded "Sacramento to New York," there arose cheers that would have done Grant good, had he been received in that style last week, on arrival here. The passengers, when they came out, looked somewhat jaded and dusty, but all were in good health, even the women and children. It is regarded as one of the great events of our modern civilization, the arrival of this car in time to permit the passengers to take the steamer for France, at noon.

Most encouraging reports come from Loudoun and adjouning counties of Virginia, where harvest is greater than it has been for many years. A much larger area has been sown in wheat, and the crop is very fine, being entirely free from rust. Harvesting commenced a week ago in these counties. Laborers are scarce and very much needed to save the crop. Good wages are offered, which should attract much of the negro labor with which the cities are overstocked.

Ben. Butler says he is "tired of calling drunk sick." It happened in this wise: When General Grant was in Boston to attend the jubilee, it was announced that he would review the military on the Common, under the command of Ben. Butler, at a certain hour. They waited four hours for him, but he came not, and then it was apologized for by the statement that Grant was "sick," hence Butler's remark.

A NEGRO attempted to outrage a widow lady, near Goodman, Miss, one night last week but was frightened away by the cries of a little white girl in the house. The wretch was shortly afterward captured and confessed his guilt, and his captors started with him to jail, but some disguised men took charge of him, and he has not been heard of since. It is thought he committed suicide.

A great blast was lately made at the lime quarries in Clithero, England. A tunnel twenty-eight yards in length was bored, and sixty-hundred weight of powder walled into it. The mass of stone, sixty feet in height, was thrown upward in a very nearly vertical direction, and at least 50,000 tons of limestone were displaced.

The shore end of the French cable was landed and hauled into the Telegraph House on Rouse's Hammock.

The entire cable is said to be in good working condition. The wires from Kingston station to Duxbury are nearly up, but as yet no commnnication has been received from Rouse's Hammock, and will not be probably for some time. The steamers Chiltern and Scanderea take their departure this afternoon.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

The Fulton Democrat sports a new head which makes it look sprightly.

His Honor, Judge Rowe, will hold a special Court in Bedford, commencing on Monday, September, 26th.

J. B. Cessna, Esq., is a candidate for State Senator. He has announced himself in the "Fulton Republican."

Fools have credited the story that wit may be found running in the streets. It is a mistake, else we would not see so many people who walk all their lives without meeting it.

Grant is not the only man that receives presents, for "ye local" was made the grateful recipient of a worn out tooth-pick and an old dilapidated meerschaum pipe. We cannot give the donor an office, but we'll remember him kindly to our friends.

Mengel's Billiard Hall is finished, and is in every respect a first-class institution. Lovers of the fascinating game are incessantly trying their skill in handling the cue, and there is a great rattling among the dry bones in consequence.

A COMPETENT ENGINEER.—Mr. Wm. Graw, engineer of the express train on the Huntingdon and Broad Top railroad, is one of the most careful and efficient men employed in a similar capacity in the State. Passengers may always rest assured of safety and a pleasant and comfortable trip with Graw engineering the train.

PISCATORIAL.—The following from an exchange will be delightful news to the disciples of Isaak Walton. Who of our piscatorial friends will start first?

We are glad to announce that the fishing at Ausauauquotausongomongtotonogo lake, in Oxford county, Maine, is reported as first rate.

NEW PAPER.—The first number of "Public Opinion," a new paper started at Chambersburg by M. A. Foltz, has reached us. In politics it is intensely radical. Whether public opinion in that section will sustain the new enterprise, will be seen. In the meantime we wish the proprietor success financially, but politically, the worst luck any editor ever experienced.

BEDFORD CLASSICAL SCHOOL.—The attention of our readers is directed to the advertisement of Mr. Frederick Woods, Principal of the Bedford Classical School. The school will re-open next Monday. Mr. Woods is an excellent teacher, and his school should be liberally patronized. Indeed, for many years the people of Bedford have needed just such an institution as Prof. Woods' Classical School, and now that they have it, they should see that it is properly sustained.

DEATH OF N. J. LYONS.—On the night of the 13th inst., at his home in this place, departed this life, after a brief illness, N. J. Lyons, son of the late Nicholas Lyons and brother of Capt. T. H. Lyons. The sudden death of our young friend leaves a void in the social circle which will never be filled. He was a genial, gentle, big-hearted man, one whom to know was to esteem and honor. We write these words, not in the spirit of the maxim, *de mortuis nil nisi bonum*, but because they are honestly due to the memory of our late companion. But death comes to us all. *Pallida mors aequo pulsat pede.* Therefore let us not bewail the dead. Death is only a long sleep, and "after life's fitful fever he sleeps well."

PERSONAL.—Hons. G. O. Deise and L. A. Mackey, of Lock Haven, called at our office, the other day. We were absent, and hope that the next time these distinguished champions of Democracy call, we may be there to see.

Col. J. W. Duncan, of Pittsburg, is rusticating at the Springs.

Samuel Creutzborg, Esq., and family, are stopping at Cramer's. Mr. Creutzborg is always welcomed to Bedford by his numerous friends here.

Col. J. C. Everhart, of Martinsburg, is in town. The Colonel is urged by many good men of Blair county as a candidate for the Legislature. The people of that section would do themselves honor to send so worthy a man to Harrisburg.

COURT PROCEEDINGS.—The adjourned Court which was held last week, remained in session until late on Saturday night. Several important ejectment cases were tried which occupied the time of the court. Below we give the proceedings.

William Rodgers *vs* The Riddlesburg Coal & Iron Co. Ejectment. Jury find for Plaintiff.

The Riddlesburg Coal & Iron Co. *vs* The Broad Top Coal & Iron Co. Ejectment. Jury find for the Plaintiff all the land in dispute, in Bedford county, excepting the John Hamilton tract of 10 A., 121 P., the Isaac Barnet tract. 52 A., 80 P., and the Isaac Barnet tract, 50 A., as in the draft filed.

Wills & Hogue *vs* Thomas Johns, Summons Case Assumpsit. Jury find for the Plantiffs, $500.

Thomas Growden *vs* Archibald Blair, Elizabeth Smith and John Hook. Ejectment. Jury find for the Plaintiff, 110 A., 24 P.

TESTIMONIAL PRESENTED.—Our friend, Capt. E. H. Turner, of Saxton, was, on Monday afternoon last, the recipient of a valuable and well merited tribute from the Masonic Order of this place.

The Captain stands among the brightest and most exalted in rank of the Ancient Fraternity in this country, and has done more than any other man in this part of the state to improve and elevate the craft. He had rendered valuable service to Bedford Lodge No. 320, for which he had declined remuneration.

By direction of that Lodge, a committee, consisting of Dr. Ross Anderson, Lewis N. Fyan and J. R. Durborrow, Esqs., had procured a testimonial, and, on Monday afternoon the chairman, Bro. Anderson, together with the Master and other officers of the Lodge, as follows, Dr. C. N. Hickok, Geo. H. Mengel, Jacob Reed, Jno. Blymyer. J. H. Hutton and A. B. Carver, made a visit to Saxton, and in presence of the family and several friends of Bro. Turner and the committee, Dr. C. N. Hickok, the Worshipful Master of Bedford Lodge, in a brief but chaste and appropriate address, presented, in behalf of his brethren, to Bro. Turner an elegant watch and chain, which Bro. T. received appropriately and with much feeling.

The watch is a fine American lever, with heavy eighteen carat gold case and chain to match. On the outer case are the letters "E. H. T." in monogram, and upon the inner case, or dome, is the following inscription:—"To Past Master Ed. H. Turner, from Bedford Lodge No. 320 A. Y. M., in acknowledgment of valuable fraternal services. 1869."

After the presentation the company were invited by Mrs. Turner to an elegant dinner, to which they did full justice. After a few hours spent in pleasant, social intercourse with their Saxton friends, the committee returned by the evening train to Bedford, well pleased with their day's enjoyment.

An individual to be a gentleman has either got to be born so, or brought up so from infancy. He don't learn it suddenly any more than he can talk injun correcly by practising on a tomahawk.

It is estimated that seven-tenths of all adult ailments proceed from a diceased and torpid liver. The biliary secretions of the liver overflowing into the stomach, poison the entire system, and exhibit the above symptoms. After a long research, we are able to present the most remarkable cure for these horrid nightmare of diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken Plantation Bitters, and not an instance of complaint has come to our knowledge. It is the most effectual tonic and agreeable stimulant, suited to all conditions of life. Inquire of your Druggist in regard to it.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

THE NEWSPAPER CASH SYSTEM.—The Wisconsin editors have been holding a convention at which the proposition was broached for establishing a general newspaper system out there of cash payments. Why not everywhere? It is the only proper way. Most of our country newspapers live half-starved on the credit system when they might get fat and saucy on the cash system. Our war correspondence, for instance, during the late rebellion, cost us over half a million in cash. We could afford it with our cash system; but where would we have been under the old stupid credit system? Nowhere. Of all things in the world newspapers call for the cash system, and it is always best for buyer and seller. "Mr. Speaker," once said John Randolph, "I have found the philosopher's stone. It is pay as you go, sir, and be paid as you go.—*N. Y. Herald.*

MORRISON'S COVE RAILROAD.—The stockholders of this road held a meeting in the Court House at Hollidaysburg on Thursday, July 15, and elected a president and twelve directors. The following persons were chosen, President, S. S. Blair; Directors, David Watson, Hon. D. J. Morrell, C. H. McAlister, J. King McLanahan, A. S. Morrow, G. W. Patterson, D. M. Bare, John W. Duncan, James Medara, Joseph Smith, J. L. Morrison, and Jacob Brenneman. The Hollidaysburg *Register* says:

The road has form and substance—the right kind of men have charge of its interest, and we hope from the reputation of their energy and business capacity—the iron horse will soon greet the "Coveites" with its accustomed shriek, and bring the richest rewards to such enterprising people. It is no longer '*westward* the star of Empire takes its way"—but "*southward*"—and we feel hopeful that the road will be continued on to intersect the Broad Top at Mount Dallas. It will open up one of the richest agricultural and mineral sections in the state. Now is the time for the Bedford people to strike and cease *talking* rail road. This is their opportunity. We hope they will see and appreciate it. A meeting of the Directors will be called at once—then look out for *down brakes!*

THE GAME LAW IN BRIEF.—We condense the provisions of the Game Law for public information:

Partridges can only be killed from the 1st October to the 20th of December.

Wild turkeys can be hunted from the 1st October to the 1st January.

Squirrels and rabbits may be shot from the 1st August to 1st January.

Woodcock from the 4th July to 15th November.

Insectiverous birds, which includes the robin, are prohibited to be shot at any time, and it is illegal to rob the nests of wild birds of all kinds.

Trout can be fished for with hook and line only duriny the months of April, May, June and July.

Sunday shooting or hunting is prohibited under a heavy penalty.

Traps, blinds, snares, &c, are entirely prohibited.

Possession of fish or game out of season is sufficient to convict the party, even if they were purchased.

The penalties vary from $5 to $50.

One half the fine goes to the informer, and any one convicted and refusing to pay the fine goes to jail for ten days.

PITTSBURGH FEMALE COLLEGE.—We are in receipt of the catalogue of this sterling Institution. Two hundred and ninety-four young ladies have been in attendance during the past year, gathered not only from promiand influential families in Pittsburg, but from Philadelphia, in the East, to Kansas and Nebraska, in the far West. The Faculty embraces upwards of twenty picked teachers, selected on account of their known ability and successful experience in teachiug. The course of study is extensive and selected with great care. Those who have attended the examinations at the close of each term, conducted frequently by teachers not connected with the College, will need no endorsement from us as to the thorough method of training pursued.

Thorough as is the literary department, the facilities in the ornamental branches are unusually fine. Any brach of a thorough solid and ornamental education is here taught by excomplished teachers. The college may justly challenge comparison with any ladies' school in the land.

The building are located in the most quiet and beautiful part of the city, and yet within a few minutes walk of all its important centres. Workmen are busily employed making important improvements. These improvements will soon be completed, and the College thrown open for the inspection of visitors. Every private room, and hall, and schoolroom, will be covered with carpets and matting. It is a real luxury to visit such a school, and our readers, we doubt not, will appreciate such effort for the improvement of their daughters. All honor and success to the Queen of Western Ladies' Schools. The Fall term will open September, 1st. Send to the President, I. C. Pershing. D. D., for a catalogue.

The Sacrament of the Lord's Supper will be administered in the Presbyterian church, in this place, next Sabbeth. The Pastor, Rev. R. F. Wilson, expects the assistance of Dr. W. D. Howard, of Pittsburg and Dr. I. Edwards, of Baltimore. Service on Saturday at 2½ P. M., on Sabbath at 10½ A. M. and at 7½ P. M. Strangers and others are cordially invited.

THE OLD GUARD for August has reached us. Among the contents are the following: "The Fall of Liberty in Rome," "Adam's Creation," "The Cub of the Panther," by W. Gilmore Simms," "What the War Settled." The articles in this periodical are all written by abble minds, and are full of life and vigor. As the GUARD is the only democratic magazine published in the United States, it should bewell supported by the party. Van Evrie, Horton & Co., Publisher, 162 Nassau Street, N. Y.

PACKARD'S MONTHLY for August is on our table. This magazine is growing more popular with each issue. It is the livest, cheapest and most readable magazine published in this country. Address, S. S. Packard, 937 Broadway, N. Y.

AN APPEAL.—We clip the following "touching appeal" from an English paper, and commend it to *our own* subscribers, *who are in arrears*, for their consideration:

"*Withhold not good from them to whom it is due, when it is in the power of thine hand to do it.*"

"We are greatly in need of money just now in order to meet our paper bills and other liabilities, and as there are thousands of dollars due the office from subscribers, we would kindly, but earnestly, ask all who are in arrears to remit *immediately*, if possible, a part at least of their indebtedness."

"*Say not unto thy neighbor, 'Go and come again, and to-morrow I will give thee;' when thou hast it by thee.*"

HOW MUCH OWEST THOU?—The date opposite the name on the paper is the time to which the subscriber has paid; and means that the subscription year expired with that date (whatever the date may be), and as our terms are *two dollars a year in advance*, or within six months, and *two dollars and fifty cents* if not paid within six months, each one can thus easily determine the present condition of his account with this office. *How much owest thou?*"

"*Woe unto him that useth his neighbor's service without wages, and giveth him not for his work.*"

Francis Marion West, charged with murdering and robbing William Wallace, a farmer of Davis county, Iowa, in 1864, was arested the other day on a farm near Mexico, Andrian co., Mo. Several other serious charges are preferred against him.

A passenger train on the Union Pacific Railroad ran off about 450 miles west of Omaha, Thursday, killed three persons and wounding several others.

The wheat crop in the Northwest is superb. The recent rains have effected some damage in localities, but the general yield will, it is stated, be extraordinary.

DODD'S NERVINE DID IT.

NEW LONDON, CONN., April 26, 1869.

REMEMBERED FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time, under the treatment of the new medicine, and I am happy to tell you when you that I am getting better—even faster than when you were here. I commenced the use of DODD'S NERVINE without anybody advising me to it. When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has failed to give any relief. I am now able to go up and down stairs, and daily improving. I consider the NERVINE the best medicine I ever found, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and would not be without it on any account.

Very truly, MRS. I. S. NUTE.

OUR NEW FAMILY SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. READ! READ!! READ!!!
MIDDLETON'S
WONDERFUL PAIN CURE
A sure remedy for Rheumatism, Neuralgia, Lumbago, Growing Pains, Sprains, Bruises, Stiffnes, of the Joints and all similar diseases.
This wonderful remedy is composed entirely of vegetable ingredients. There are no injurious substances used in its manufacture.
For assurance of its excellent properties, read the following certificates:

BEDFORD, May 8, 1869.
I take great pleasure in giving my testimony to the value of "Middleton's Wonderful Pain Cure." I have been a martyr to Rheumatism. For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had not one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself; but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.
ELI M. FISHER.

BEDFORD, April 14, 1869.
Mr. W. W. Middleton,
This is to certify that I was taken with Rheumatism, in my right shoulder, on the evening of the 8th inst., so that I was unable to raise my hand to my face. I got some of your Pain Cure and applied it twice, and was entirely relieved. I would recommend to every one who suffers with Rheumatism to give it a trial and be cured.
Yours &c., A. F. MILLER.

BEDFORD, May 17, 1869.
Mr. Middleton,
DEAR SIR:—I have used several bottles of your medicine in my family, and find it to be all you claim for it. Yours, truly,
JOHN HAFER.

BEDFORD, May 13, 1869.
This is to certify that I have used "Middleton's Pain Cure," for Rheumatism, and was very much benefited by it. JOHN HARRIS.

BEDFORD, May 18, 1869.
This is to certify that I have used Middleton's Liniment, for the Rheumatism which I had in my right shoulder so bad that I could not get my hand to my head without great pain, and after a few applications was entirely relieved.
L. F. DART.

BEDFORD, May 1, 1869.
Mr Middleton,
Dear Sir:—Mrs. Bowser was in much suffering for some four weeks with Rheumatism, and got some of your Pain Cure, and the first night I applied it it eased the pain; and after keeping on using it for two weeks, she was restored to health. I feel it to be my duty, as it is a pleasure, to write this recommendation for the benefit of others. JACOB BOWSER.

BEDFORD, May 16, 1869.
Mr W. W. Middleton:
Sir—I procured a bottle of your Liniment for Rheumatism, and it gives me great pleasure in saying that after using it for two days, my rheumatism was completely relieved. My sister was suffering, at the same time, with Inflamatory Rheumatism in her right hand and wrist—after using it for several days she was relieved. I consider it the best remedy I ever heard of.
JOHN KEEFE.

BEDFORD, May 24, 1869.
This is to certify that I have used one bottle of Middleton's Liniment, for Rheumatism, and think it a good cure, and would recommend it to all persons that are afflicted with the above disease.
AUGUSTUS CARVER.

BEDFORD, May 26, 1869.
Mr. Middleton:

NATURE'S GREAT RESTORER.
SCHEETZ'S
CELEBRATED
BITTER CORDIAL.
This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

AYER'S
HAIR VIGOR,
FOR THE RENOVATION OF THE HAIR.
THE GREAT DESIDERATUM OF THE AGE.
A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,
For all the purposes of a Laxative Medicine.
Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.
They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.
Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—
For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or Green SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For DYSENTERY or DIARRHŒA, but one mild dose is generally required.
For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.
For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.
As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

The Waters' Pianos are built of the very best and most thoroughly seasoned material.—*Advocate and Journal.*
Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*
MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adeertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,
FOR PURIFYING THE BLOOD.
The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.
Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.
Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
